WordPress Front-End Developer / Front-End Designer

Description

We are a team of 100+ expert developers and designers who strive to make a difference on the web every day. At UnlimitedWP, our goal is to build web projects that offer beautiful experiences. We exclusively work with digital agencies around the world to offer dedicated WordPress support.

- We strongly believe in creativity in our work environment.
- We don't believe in the one-man army, you need to be a team player.
- Our environment demands you to constantly increase your personal WordPress knowledge and to grow your self as a developer.
- We go the extra mile for our clients and it is a must for you to do so too.

Responsibilities

- PSD to HTML conversion using Bootstrap 4, CSS3 / SASS
- WordPress theme development
- Developing page templates using page builders (such as DIVI / Elementor / Beaver)
- WooCommerce template customizations

Qualifications

- Working knowledge of HTML and CSS.
- Knowledge of HTML5, CSS3 (Bootstrap), JavaScript & jQuery.
- Proficient with Photoshop (PSD2HTML).
- Working knowledge of creating templates with page builders (**DIVI** / **Elementor** / **Beaver**).
- Working knowledge of responsive design.
- Ability to improve, optimize, and extend jQuery plugins or write them from scratch.
- Knowledge of jQuery. Experience with any popular jQuery plug-in (jQuery UI, jQuery tools, jQuery Mobile, etc.) is a plus.
